1. Application form

1.1. Main Contact Information

- First Name*:
- Last Name*:
- E-mail*:
- Phone number (incl. Country code)*:
- Job title*:

Additional Declaration for Applicants Not Requesting Funding

Applicants who are not eligible for funding under this Open Call – including entities legally established in the host country (Poland) or large companies – or those who choose not to apply for funding, may still express interest in participating in the mission. In such cases, selection will be based on the Expression of Interest, and the final decision will rest with the host.

Type of Application*

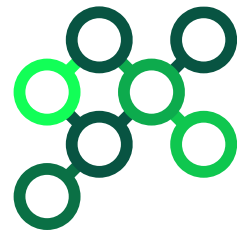

Please indicate how you are applying (single choice). Note: Applicants not requesting funding may still apply to participate in the mission. Selection will be based on Expression of Interest, and the host will make the final decision.

☐ **I declare that I am applying to the Open Call for funding, under the conditions described in the call guidelines.**

☐ **I declare that I am submitting an Expression of Interest to participate in the mission without requesting funding (e.g. as a large company, an entity legally established in the host country, or another organisation not eligible or not intending to request funding).**

- PIC number¹ (if available):
- Please, provide the logo of the organisation, if applicable [upload file]

1.3. Eligibility Self-declarations

- Are you an SME according to [the European Commission SME definition \(Recommendation 2003/361/EC16 and, the SME user guide\)](#)*?
 - Headcount in Annual Work Unit (AWU)² less than 250.
 - Annual turnover less or equal to 50 million EUR OR annual balance sheet total less or equal to 43 million EUR.
- Is your entity legally established in an EU Member State or a Horizon Europe Associated Country? *
 - The applicant must be established in a EU Member State or Horizon Europe Associated Country. [List of Horizon Europe Associated Countries](#) as published by the European Commission as for the call launch date.
- Has your organisation been legally registered for at least 6 months prior to the Open Call deadline?*

¹ A PIC number (Participant Identification Code) is a unique 9-digit identifier assigned by the European Commission to organisations applying for EU funding, used to streamline and centralise participation details across EU programmes. <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>

² AWU (Annual Work Unit): the equivalent of one person working full-time for one year. Part-time or seasonal work is counted as a fraction of one AWU.

- Are you submitting only one application under this Open Call on behalf of your organisation?*
- Can you confirm that your organisation is not a consortium partner or subcontractor involved in the project? *

1.4. Organisation description

Describe your company, including its core products and/or services, and explain its connection to the Photonics or Quantum technology fields. Highlight any relevant applications, technology interests, or ongoing initiatives that demonstrate alignment with the mission's objectives..* (max 250 words)

1.5. Interest in the Mission

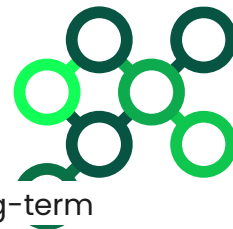

Tell us about your interests and objectives for participating in this mission.* (max 250 words)

1.6. Team

Describe the team participating in the mission (maximum 2 team members), including name, surname, gender, job title, and a short bio.* (max 250 words)

1.7. Innovation Support Services

Participating SMEs can have the opportunity to benefit from a targeted suite of innovation support services designed to enhance their technological and market readiness. These may include investment readiness coaching, access to venture capital networks, and tailored guidance on funding opportunities. Further support may cover intellectual property protection, sustainability management training, business model innovation, strategic partner identification, open science implementation, and engagement in standardisation activities. The services are

intended to address critical barriers to growth and strengthen the long-term competitiveness of participating SMEs.

Would you be interested in receiving tailored support services offered through the PhotonQBoost Programme?*

☐ Yes

☐ No
